

SSH...

SSH. It's a secret.

SSH... Don't tell anyone but did you know you could pay off, in full, an investment property in just 7-10 years (and still enjoy your current lifestyle)?

SSH... Don't tell anyone but did you know you can sell that investment property and pocket 100% of the profits without paying one cent in capital gains tax?

SSH... Safe Super Homes.

SSH might be the new boy on the block but its founder Kelvin Gough certainly isn't.

Kelvin established Legal & General Property in 1994 and made many of his clients property millionaires. He can do the same for you with Safe Super Homes, his new self-managed super funds (SMSF) Property Advisory company.

SMSF is the secret that's on everyone's lips. Find out about it today by booking a meeting with Kelvin.

Ring **(03) 9702 2595** or email stephanie@safesuperhomes.com.au to set up your meeting. It's **free** and there's no obligation, plus you'll receive a **free** DVD "How To Buy A Property Through Your SMSF" that explains everything. We'll even update or write you a new Will for **free** (valued at \$250). It's well worth meeting us. SMSFs won't be a secret for long. Get started now.
