### To Whom it May Concern

We recently had Bernadette Schwerdt as the Keynote Speaker for our Student Teacher Member Conference – Best Foot Forward. As the Conference was focused on applying for a professional job for the first time, Bernadette delivered an engaging session about the use of language when it comes to selling yourself to prospective employers.

The session was well-designed, interactive and left our members full of new ideas and the confidence to put their best foot forward.

The feedback we recorded from our members about Bernadette consistently rated her 'excellent'. In their comments a number of attendees described her as "incredible" and "fantastic".

Accordingly, I have no hesitation in recommending her as a Keynote Speaker.

Yours sincerely

**Debra James**  
General Secretary
